

DANCEZING NEWS

**YOU ARE INVITED TO A
CHRISTMAS PARTY**
Wednesday 21st December
6.45pm – 9.30pm
Caterham Community Centre
High St, Caterham on the Hill, CR3 5UE

To thank you for your support during the year I would like to invite you all to join me for an evening of fun, dancing and socialising with your 'Dancezing' friends.

(There is free parking available at the car park next to the Esso Service Station which is just a short walk away from the hall or you may find spaces on the High Street & neighbouring roads.)

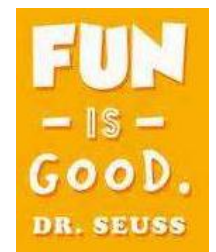

If you would like to come, please **put your name down on the list** at class or e-mail me – nicola_zuaiter@yahoo.co.uk

This will help me to ensure that I include dances that you know and, more importantly, make sure there are enough mince pies for everyone ;)

Hope to see you there!

CLASS NEWS **MONDAYS**

Our 'new beginners' have progressed really quickly and are dancing very well.

Some of our 'improvers' have now joined this class and are really enjoying it.

If you are an 'improver' or above you may not have thought about coming to a 'beginner' level class but sometimes it's more relaxing, good fun and great exercise & you get to learn some super new routines. So why not give it a go?

Also, some of our beginners are now staying on into the class for the next level & making progress towards learning 'improver' level dances. Please feel free to join them.

I aim to offer as much flexibility as I can with my classes, so please do stay to more than one class if you'd like to ☺

Unfortunately, I don't have a 'receptionist' for my 'early birds' class at the moment which means that I have to take the register myself. If we are late completing this, it has a 'knock-on' effect for the following classes as I like to ensure everyone has a full hour of dancing.

I apologise for any late starts. A huge 'thank you' to Denise who helps out by taking the register for the later classes.

IT'S A GREAT WAY TO MEET NEW FRIENDS.

Social Nights for 2017

January 21st

March 25th

June 24th

October 21st

Our social nights in 2016 were great fun. Thank you to everyone who came along! Here's to more good times throughout 2017, starting with our first social in January!

If you haven't been to one of our social nights before, I hope you get the chance to come along in the New Year. Don't forget, you can look at photos from previous social nights in the gallery on the website. Here's the link: <http://dancezing.co.uk/gallery/>

I know that in the winter when it's dark and the weather is bad it's harder to find the motivation to come out to dance classes, so I really do appreciate the fact that you venture out to dance with me. 😊

Thank you all so much!

Keep Dancezing!

Please let me have your delicious recipes, funny jokes, details of your interesting hobbies etc. that I can share in future newsletters.

If you have enjoyed reading the articles shared by our dancers in our previous newsletters, then you know for sure that they will enjoy reading yours! 😊

The following article is from Leila who is extraordinarily talented!

She is hoping to visit our class on Thursday 8th December with some of her beautiful creations, some of which may be available to purchase. A big 'thank you' to Leila for sharing this with us.....

Leïla Weston’s hobby turned into obsession:

When I arrived in England, from France, more than 30 years ago, I was blown away, among other things, by the beauty of the period houses’ front door with their leaded glass.

When my husband and I bought an Edwardian house, my intension was to re-insert the Stained Glass panel in the front door.

Teaching French during the day, I joined an evening class to learn the art of making Stained Glass. It was still possible then!

After my first lesson, I was hooked! I loved it! After a few months of hard work and many plasters on my fingers, I managed to produce my front door and its side panel. Then, unable to stop, I carried on with other places in the house. I even had a cupboard specially built in an alcove so that I could add Stained Glass panels in its doors.

After – Residential House

I wanted to take my hobby further; therefore I took a year off French teaching and joined a full time course at college to get a diploma in Designing and Making Stained Glass. I went back to teaching, as it is more lucrative and regular than Art making, but I started taking commissions. I have now installed Stained Glass panels in schools but mainly in my friends and neighbours’ front doors, working through word of mouth.

I love making Stained Glass so, when I don't have commissions, I create objects made of glass and lead or copperfoil, like Christmas decorations, flowers, and others.
