## KEEP SAFE AND WELL

NICKY

The photo in the background is a flower in my garden - I hoped it might brighten your day. It has been wonderful to see blue skies and sunshine and the trees getting their new leaves. It's getting lighter earlier which is making it easier to get up for my early morning dog walks.

## KEEP CALM & CARRY ON DANCING

It's been great to see that more of you have joined our private Dancezing Line Dance Facebook Group and are enjoying our virtual line dance sessions. If you haven't done this yet and would like help setting up, let me know and we can guide you.

Come and join me in my kitchen (usually Mondays and Thursdays at 3pm) for some line dance fun!

The streaming isn't always great and people have had issues with buffering and we have lost connection a few times. If the live stream drops, simply go back into the group and look for the new live stream and join it, as it's not possible for us to reconnect with the original stream.

For those of you who aren't on Facebook, **you can still enjoy our dance sessions** - even if you just watch them, it's quite fun and gives you something to do.

You can see how my hair gets longer and greyer on each session!

Also, "Dancezing Duck" is making an appearance in the videos - see if you can spot her. Check out <https://thelittleyellowduckproject.org/>

We have a special link for you to access the videos of our dance sessions.

Let me know if you would like the link :)

# KEEP CALM & CARRY ON DANCING

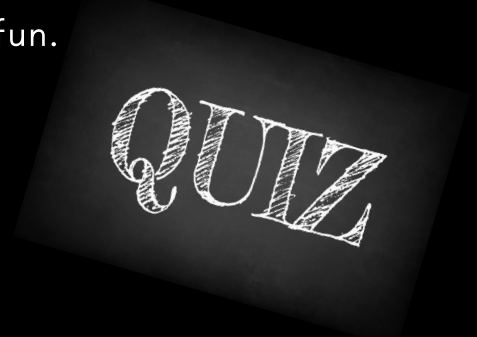

It would seem that the social distancing may well go on for quite some time and we may not be able to get back to the dance floor as soon as we had hoped.

I will do my best to come up with ideas to allow us to continue to dance and for us to keep in touch with each other and have lots of fun.

Watch this space...
