## 75 YEARS SINCE VE DAY

**VE Day Celebrations will have to take place at home this year. We will be thinking of the Second World War generation who served and sacrificed for us.**

**Why not have a good old 'knees up' at home? Rather like we have been doing on a regular basis since lock down began. Enjoy your weekend and stay safe and well x**

# NOTHING CAN STOP LINE DANCERS!

We have had yet more additions to our Dancezing Line Dance Group and it's great to see people 'chatting' with each other in the 'comments' when we hold our live streams.

Last week, David and Christine had me on their TV, this week, I was on Mark & Claire's hob!

A few of you have needed help with setting up a Facebook account and joining our private group, so our wonderful IT department (aka Isabella) has created an instructional video to help you.

**Here is the link: <https://photos.app.goo.gl/a7VKwmQacR4TSski7>**

My dog Harley was insisting on sleeping on the dance floor just before we were due to start our Facebook live stream! She was most put out when we had to move her!

Many of you have mentioned how bemused your pets have been, especially cats, when you have started dancing! I have visions of them saying to each other - 'I hope this lock down finishes soon so we can go back to having some peace and quiet again!'

# SALSA SOLO

I have uploaded a trial session of Salsa Solo which is a style of dance that I used to teach. This short video will give you an idea of what it is about. I thought that it might give you something new to try while you are at home. Also, Salsa tends to travel less than line dances so if you are a little restricted with space, this may suit you better.

Take a look at the session, if you haven't already, and let me know your thoughts. If enough people are interested I will continue to upload Salsa Solo sessions.
