OCTOBER 2021

DANCEZING

Finally, we made it to Eastbourne! What a fantastic weekend away we had. September and October have been great months for Dancezing - we have welcomed some beginners who have joined our classes in Warlingham and Caterham and we are also delighted to welcome some 'rusty returners' who have discovered that they are not as 'rusty' as they thought they might be. We have danced our socks off and continue to feel grateful for being able to be on a dance floor together with our friends.

DANCEZING - WEEKEND BREAK

*enjoy
every
moment.*

On Friday afternoon, some of us took a wander along the sea front and somehow found ourselves with drink in hand on the beach, chatting and laughing with our friends before heading back to the hotel to dance the night away.

**GOOD
VIBES**

That's a view I've been longing to see for some time! Yes, the view from The Cumberland Hotel.

October kicked off with a party in Eastbourne.

Some started on the train on the journey down! June rounded everyone up from the platform and from what I gather there was fun & games all the way to Eastbourne!

Postponed twice due to the pandemic, there was no way that protesters gluing themselves to the motorway or petrol queues were going to stop us from reaching our party destination.

Even a bout of laryngitis couldn't hold me back!

DANCEZING - WEEKEND BREAK

It was so great to be back on the dance floor and even the pillar was treated like a long lost friend ;)

The atmosphere over the whole weekend was wonderful. There was so much dancing and socialising!

DANCEZING

It has been amazing to welcome back more of our dancers this month who have returned after 18 months or more away from the dance floor! It is SO good to see you again!

Our classes on Tuesdays at 1.20pm in Warlingham and 9.30 am on Thursdays in Caterham are perfect for any 'rusty returners' or 'new beginners'.

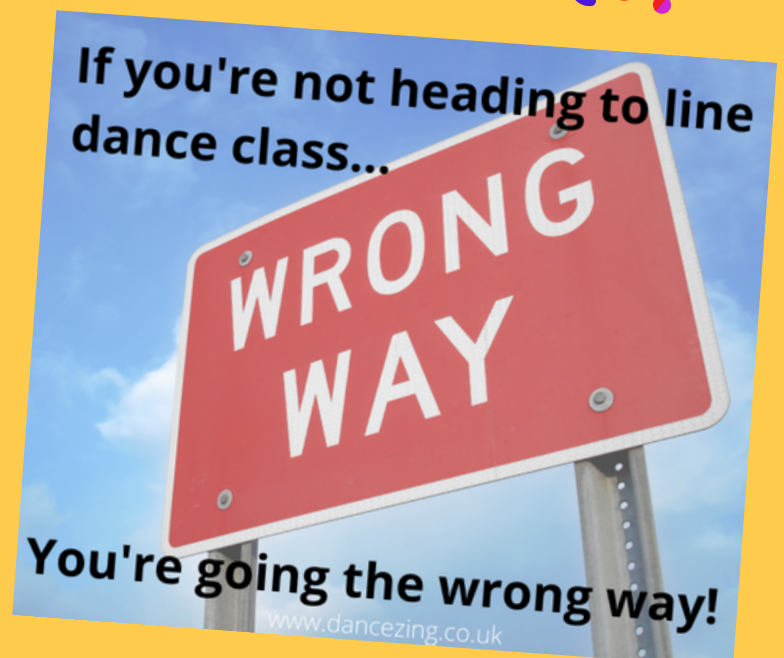

Our returning dancers have been pleasantly surprised to discover that they remember more than they thought they would. A little drop of WD40 on the line dance filing cabinet drawer and away we go!

It has also been amazing to welcome 'new beginner's to our classes. Everyone has done so well and it's great to see more people discovering the **Joy** of line dancing!

We do have some spaces in our beginner classes and it's not too late to join so please do come along or invite your friends to come and have a go.

DANCEZING - SOCIAL NIGHTS

Hooray! We will be holding our popular social nights again. Numbers will be restricted & we do ask that you have been double vaccinated and had a negative lateral flow test 24 hrs prior to attending.

COMING
SOON

Tickets will soon be on sale for our **Social Night** on the **13th November** - our first social since lock downs began - SO exciting!

Keep an eye out on your inbox for more information!

A REQUEST

Please avoid wearing your outdoor shoes on the dance floor, especially on damp or wet days. If you don't wear dance shoes or trainers (which are always the best option), please bring different shoes for dancing.

This will stop anyone from slipping on a wet floor and also once the floor has become wet and starts to dry it becomes sticky, which makes it difficult to move easily and puts strain on our joints.

If possible, walk around the outside edge of the dance floor while wearing your outdoor shoes.

TUTORIAL DANCE VIDEOS & MORE...

I started to upload tutorial videos of line dances to youtube during lockdown to help out my dancers who wanted to keep up practice. Although we are back to live classes again now, I have been asked to continue making these as many of you are finding them useful. I think that I am gradually getting better at putting them together (?!) but if you have any tips or feedback, please do let me know.

Amazingly, people outside of our club have discovered my videos and, as of today, I have gained 646 subscribers and over 130,000 views in the past year. How nuts is that!?

Subscription to my youtube channel is free and apparently once you have subscribed, you will get a notification when I upload new videos – so you will be among the first to see whenever I add a new tutorial.

If you want to check it out [click here](#)

We are also on Facebook..

There is our Dancezing page which has general information and our Dancezing Group which is a group personalised more towards our club.

Click here to find our Dancezing Group – simply answer the 3 questions and I will approve you :) Feel free to add comments and post in our group. I love to hear from you!

You will also find 'tutorial videos' in our facebook group some of which explain steps which can be especially useful for new beginners. To find these tutorials, click on 'guides'.

Have fun!

As well as line dancing, I have a group for 'salsa solo' where I have uploaded some tutorial videos. You can learn authentic salsa steps without the need for a partner. It's great fun and good exercise too!

DANCEZING

Thank you for another great month of dancing - it still feels so good for me to be able to see you and interact with you. SO much better than dancing on my own in the kitchen!

I have been asked to continue to send out dance lists prior to classes as a lot of you find this very helpful. I will do my best to keep this up, so if you don't receive a dance list for a class that you are due to attend, please message me and I will make sure you get one.

I will be sending out an email for bookings for November and December classes, so keep an eye out in your inbox. If you don't receive confirmation of classes from me, please message me because sometimes the emails are known to disappear.

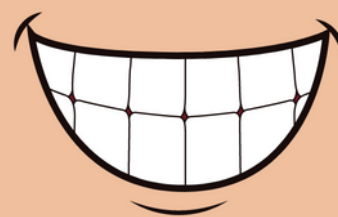

So, here's to another great couple of months of dancing together!

If you have any dance requests or want me to make a tutorial video let me know.

If you have any news you would like to share in our next newsletter, send it my way.
We love to hear from our dancers.

Take care, stay safe and **KEEP DANCEZING!**
