2ND MAY 2022

## DANCEZING

What a fantastic month April turned out to be for Dancezing!

We had an amazing time in Eastbourne at our weekend break which was finally able to go ahead after being postponed due to Covid. The sun shone all weekend for us and we danced and laughed in equal measures.

This month we have also welcomed over 30 new dancers to our classes - some new beginners and others who have joined other classes. All have commented on how welcome they have been made to feel :)

# DANCEZING - DATES

## CLASS CLOSURES - APRIL / MAY / JUNE

### JUNE BANK HOLIDAY

Thursday 2nd June - Caterham Community Centre

### NOTIFICATION OF UNFORESEEN CLASS CANCELLATIONS

Occasionally it may be necessary to cancel a class at short notice.

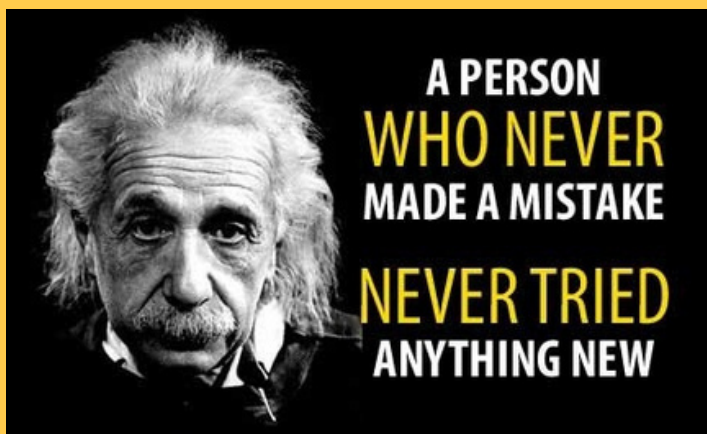

I will send an email to everyone who usually attends the class and I will also try to put a message in our [facebook group](#) and [update our website](#). Please check before you head out to class.

If you're not sure, feel free to text me.

A huge warm welcome to everyone who has recently joined our Dancezing family. We hope you have a good time with us.

Remember to be patient with yourself and to relax and enjoy your classes. Line dancing is not always as easy as people think it may be, but it **is** heaps of fun and very good exercise for your body and brain. You also get to meet lovely people. Always feel free to ask if you have any questions.

<b>7 - 8 PM</b>	<b>IMPROVER</b>
<b>8 - 9.15 PM</b>	<b>INTERMEDIATE</b>

Our new beginner classes are perfect for anyone who hasn't danced before or even for 'rusty returners'. With step by step instruction the routines are easily learnt. You will also gain a knowledge of the step patterns and terminology commonly used in line dancing.

When you feel ready for a new challenge you can move up to one of our beginner + or beginner +/ improver classes where the routines are a bit longer & incorporate more moves & step sequences.

Once you feel comfortable with the steps and terminology you can join our improver and/or intermediate level classes. The routines tend to be a bit longer with more challenging step sequences. Routines are still broken down into manageable chunks & we still have great fun!

Of course, there is no need to move classes. This is an option for anyone wanting to challenge themselves but if you love your current class & wish to stay - that's great!
